Please join us for the 44th Annual John A. Boswick, M.D. Burn and Wound Care Symposium on January 22-27, 2022. This international conference covers the latest advancements in wound healing, burn care, and infection control. Presentations will be made by physicians, nurses, researchers, related medical specialists, and others involved in the care of soft tissue injuries and their complications.

Once again, we will be limited to 30 exhibitor booths in order to maintain our open format and manage that attendee to exhibitor ratio that has been so successful for many of our exhibitors in the past. We anticipate that we will fill those spots early and encourage you to register your company soon.

Mahalo!

All Exhibitor communication and questions should be forwarded to Roger Huckfeldt, MD at roger@palm-medical.com.
